

RECRUITING IN CITY IS STILL SHORT OF NEEDED NUMBER

New Plans to Be Tried in Effort to Arouse Proper Enthusiasm.

The pulse of recruiting for the Regular Army again failed to quicken today. Col. Walsh, in charge of the recruiting here at No. 230 Broadway, and Major Hughes, his associate, were

disappointed over the apathetic situation. New York City is expected to raise 2,500 men as its quota of the national enrollment by Saturday, yet by noon only five men had been added to yesterday's total of 230.
Another curious feature revealed by an investigation of enrollment figures by an Evening World reporter was the fact that fully 20 per cent. of the men enlisting are of Italian birth. None of these men are naturalized, although several have taken out their first papers. For the military branch of the United States service naturalization is not necessary, although for sea service the applicant for enlistment must either be native born or have his second papers.

Two of the first recruits to apply at the army depot to-day were Peter Rabbitt, twenty-two years old, of No. 537 First Avenue. Sergt. Haffner was just telling Rabbitt that he had the makings of a good soldier in him when he walked Leo Hunter of No. 587 Columbus Avenue. Rabbitt did not quail and both were enlisted.

Six ministers of various denominations will conduct recruiting rallies for the army throughout the city to-night, leaving headquarters at 7.30 o'clock. Sergt. Haffner addressed a meeting this afternoon in front of the office of an Italian newspaper, while a Boy Scout band furnished patriotic music.

Col. Walsh and Major Hughes have about decided now to centre the forefront of their endeavors on factories and commercial establishments in which men are employed at occupations which could just as well be conducted by women. Plans are on foot to carry out, in a modified form, the English "white feather" system. Small "dodgers" are being prepared to reach such men bearing the legend, "Let a Woman Take Your Job. You've Got a Bigger One on Hand for Uncle Sam." It is expected that this method of getting recruits may succeed in rolling up New York's quota within the required time.

If the present pace is kept up to-day, to-morrow, Thursday and Friday, New York City will provide out 1,050 men instead of the minimum 2,500.

"I'd like particularly to see enrolled this week," said Col. Walsh, "all those men who have passed their physical examinations. There must be at least a thousand of them."

"It is a good thing to emphasize the chances of promotion to commissions. In our army this chance for the intelligent and ambitious recruit was always bright. The war makes it many times brighter because of the greatly increased need for officers."

Gov. Whitman has been notified by the War Department to substitute the Second Field Artillery for the Third as the unit to be divided between Fort Niagara and Madison Barracks.

Militia officers think that the fact that the Third is not up to full war strength had something to do with the change. The Third Field Artillery has been notified that it will not be called into the Federal service immediately.

diately. The Quartermaster's Reserve Corps has been recruited to full strength with some to spare.

The navy will send 120 recruits to Newport to-morrow. A reception will be held on the land warship Recruit in Union Square, at which Collector Malone and the Rev. Dr. C. F. Reiser will speak. They will also be given a farewell dinner.

Lieut. Commander Taylor of the navy, said to-day that the yeoman class had been filled, but that there was still a need for radio electricians. Recruiting for the Quartermaster Enlisted Reserve Corps will begin again to-day at No. 55 Hudson Street. More than 1,000 vacancies exist, the main need being for teamsters, blacksmiths, cooks, machinists, fitters, bakers and stokers. The age limit is eighteen to forty-five.

One hundred recruits to the United States Navy, who left for the Newport Training School this afternoon, were given a luncheon by the Women's Auxiliary for Navy Recruiting before their departure. Following the luncheon a rally was held on board the Recruit, the battleship "anchored" in Union Square which is maintained as an enrollment depot by the navy.

JEW IN AMERICA NEARER UNITY THAN IN YEARS

Secretary Lipsky Counsels Strict Adherence to Peace Agreement Congress.

BALTIMORE, June 25.—American Zionism drew nearer to-day to unity with American Jews who frown upon the nationalist movement than at any time in its recent history. The report of Louis Lipsky, Secretary of the Federation, was the subject of a two-hour debate at the Zionist Convention here between the administration's opposition forces.

Mr. Lipsky counselled strict adherence to the peace agreement between the Zionists and Anti-Zionists, under which the latter agreed to participate in the coming Jewish Congress in Washington. After the debate the report was not only accepted, but the convention passed a vote of confidence to the Executive Committee.

Civil, mechanical and electrical engineers who are delegates to the Zionist Convention organized to-day the Zionist Society of Engineers to develop Palestine.

Officers elected were: Chairman, Max

A. Greenberg of New York, and Persa W. Etkes of the New York Public Service Commission, Secretary and Treasurer.

Americans in England Urged to Register for Army Service.
LONDON, June 25.—Robert P. Skinner, the American Consul General, has issued an appeal to all Americans in the United Kingdom liable to military service asking them to register. It is estimated that there are 3,500 American males of all ages residing in the United Kingdom.

SUMMER BUSINESS HOURS
